The Challenge

Overcoming Customer Onboarding Issues and Enhancing Customer Service Finesse

- **Difficulty in Sourcing Quality Talent**

New customers preferred assisted onboarding with knowledgeable staff, but Helping lacked eloquent communicators, leading to lower conversion rates.

- **Talent Skill Gap in Emerging Markets**

Candidates from other countries lacked the customer service finesse found in Filipino staff (*Aruga ng Pinoy*), limiting their ability to handle front-end support effectively.

- **Scalability and Admin Burden**

Helping needed to quickly scale their team but faced difficulties managing the tedious administrative tasks that come with hiring offshore employees.

The Solution

Partner with a Strategic Offshore Staffing Expert for Service and Talent Growth

- **Comprehensive and Fast Talent Outsourcing and Expansion**

Penbrothers provided Helping with fast access to skilled Filipino talent within 30 days, leveraging their renowned customer service finesse (*Aruga ng Pinoy*).

- **End-to-End Admin Management**

Penbrothers managed all offshore hiring admin tasks, including EOR services, allowing Helping to focus on core activities.

- **Employee Success Through Hypercare**

Penbrothers provided ongoing feedback via 90-day **Hypercare framework**—a support system ensuring effective onboarding and integration—creating an environment for employees to thrive with enhanced performance.

The Results

Improved Talent Acquisition and 100% Retention Drive Helping's Expansion to Germany

- **Improved Talent Acquisition Quality**

Helping quickly hired quality talent, reducing inefficiencies and minimizing hiring risks, leading to a stronger team.

- **100% Employee Retention**

All outsourced employees retained for over a year, showing the success of Penbrothers' talent selection and Hypercare support.

- **Expansion to Germany**

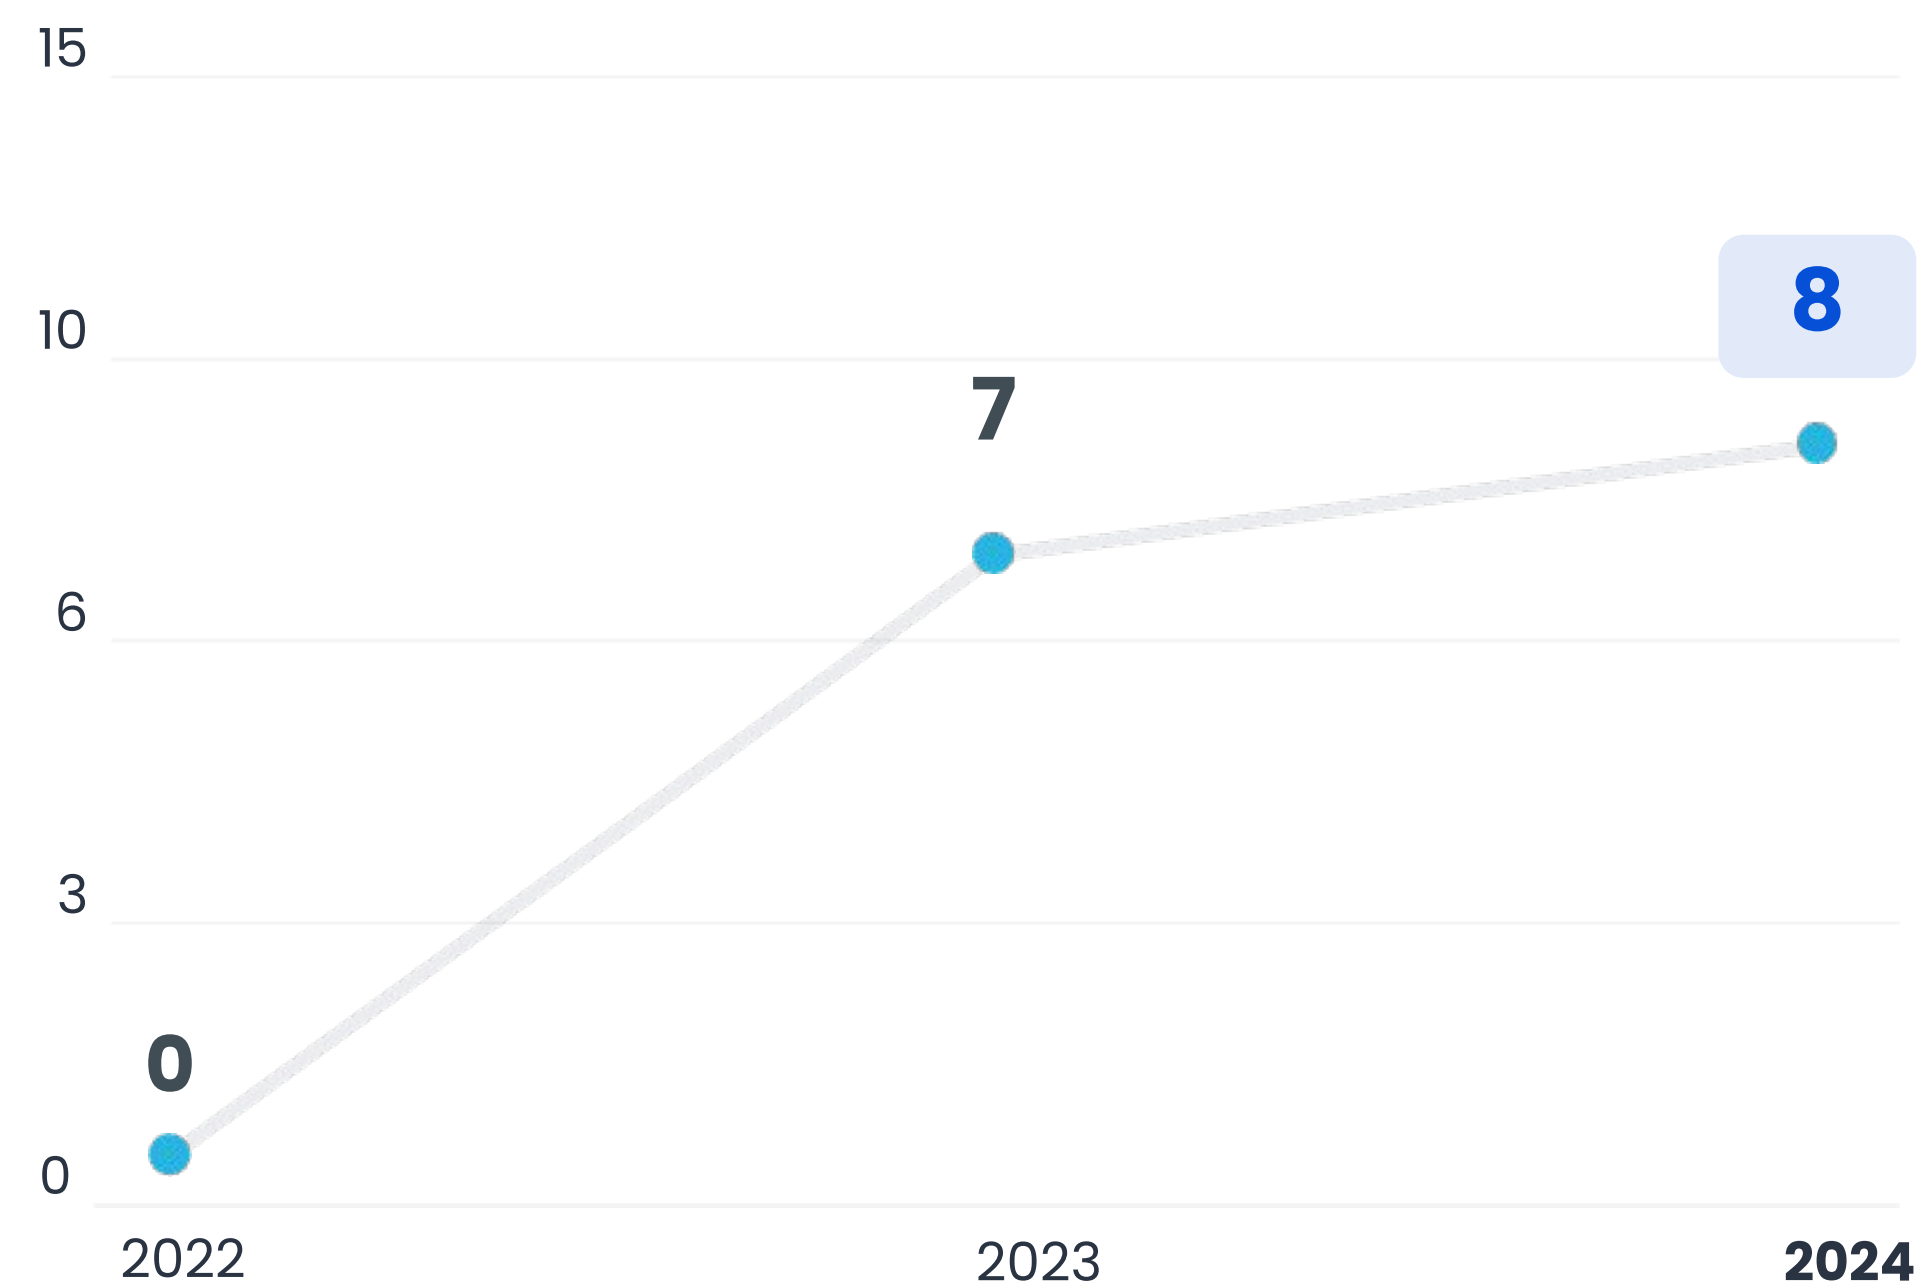

Success of Singapore team led Helping's Germany HQ to expand collaboration with Penbrothers, resulting in additional hires.
